

**Name- Dipti Govind Chavan**

**Subject - Drawing**

**Qualification- A TD, CTC**

Drawing is a visual art form that involves creating images on a surface using tools like pencils, pens, charcoal, or digital devices. It can be used for artistic expression, communication, and design.

**Key Points About Drawing:**

- 1. Types of Drawing** – Includes sketching, technical drawing, cartooning, and digital art.
- 2. Basic Tools** – Pencils, erasers, pens, markers, charcoal, and digital tablets.
- 3. Techniques** – Shading, hatching, stippling, and perspective to add depth and realism.
- 4. Benefits** – Enhances creativity, improves fine motor skills, and can be used for storytelling or problem-solving.
- 5. Famous Artists** – Leonardo da Vinci, Pablo Picasso, and Vincent van Gogh are known for their exceptional drawings.
