### Ecosystem for 2022-23

The institution has established a robust ecosystem that fosters innovation, research, and knowledge dissemination. Faculty members are encouraged to engage in in-depth discussions to stimulate research endeavors. Samarth Institute of Pharmacy has formed a Research & Consultancy Committee (RCC), led by the Principal, which convenes regularly to assess and enhance the infrastructure required to cultivate a conducive research environment. Heads of Departments (HODs) and faculty members actively participate in research activities within their respective areas of expertise.

### **Objectives of the Research & Consultancy Committee (RCC):**

1. **Identification of Research Priorities:** To identify and prioritize key research areas within relevant domains.
2. **Resource Allocation:** To provide necessary facilities and resources to support research activities.
3. **Industry-Academia Partnerships:** To foster strong collaborations between industry and academia.
4. **Societal Impact:** To address societal challenges through research and develop innovative solutions.
5. **Research Culture:** To cultivate a research-oriented culture among faculty and students.
6. **Intellectual Property Protection:** To protect intellectual property through patents and copyright

### **RESEARCH AND CONSULTANCY COMMITTEE**

#### **VISION & MISSION OF RESEARCH AND CONSULTANCY COMMITTEE**

- "Ideate, Invent and Innovate propositions with enduring value to ecosystems" . The committee aims to inculcate a research-oriented approach to the future generation through research, scholarship, education, preservation, and excellent academic practice that can serve all sectors of society.
- The committee's objectives include encouraging and promoting cutting-edge research based on the proven capabilities and expertise of faculty and students, helping facilitate strengthening of the institute's research capabilities, proactively promoting basic research, and monitoring quality of research work done.
- The committee also identifies and develops opportunities for faculty to engage in research, defines criteria and modalities for students to avail research opportunities, proposes roundtables, conferences, and working groups on a series of thematic areas central to the research work, publication of papers and reports of the students, modalities of accepting, reviewing, and benchmarking research work, and establishes linkages with institutions and universities in India and outside to secure resources to provide facilities to scholars.
- The short-term goals of the committee include getting sponsorships/stipends for students to develop products, improving the quality of publications in standard journals, and conducting student's development programs on cutting-edge technologies.
- The long-term goals include collaborating with agencies at national/international levels for IPR and consultancy. The offerings from R&D include conducting events categorized into workshops, seminars, training, and certification. The committee also motivates students/faculty to organize and attend conferences/workshops/training.
- Additionally, the committee helps students/faculty in execution of research initiatives planned by team R&D. Research is the back bone of academics.
- For the promotion of research, Institute has created Research and Development Cell which aims to nurture research culture in the College by promoting research in newly emerging and challenging frontier areas of Pharmacy.
- To develop a system for conscious, consistent and catalytic action to improve the R&D activities of the Institution.

### **OBJECTIVES OF RESEARCH AND CONSULTANCY COMMITTEE**

- To create awareness and opportunities in Research and Development among the faculty and students and to create Research and Development atmosphere in every department.
- To create atmosphere among the staff members to take up Research projects and improve their knowledge, skills and qualifications by registering Ph. D's.
- To motivate the faculty members of the group for R&D activities in the area of their specialization.
- To encourage staff members and students to publish technical papers for publishing in National and reputed International Conferences/ Journals
- To undertake research activities and development projects offered by agencies such as AICTE, DST, DBT, UGC, etc.
- To assist for applying and getting funds for conducting Seminar/Workshop/FDP from various available funding agencies.
- To facilitate the growth of research activity among the academic community.
- To coordinate faculty level workshops and staff development activities on research-related issue.
