NEWS LETTER

Mechanical Engineering Department

Vision of the Department

To Create Professionally Competent Mechanical Engineers For Changing Technology In Industry & Society.

Mission of the Department

- M1- Achieve Excellence in Technical Education to Solve Mechanical Engineering Problems
- M2- Develop Technical Skills and Innovative Ideas through Curricular and Co-Curricular Activities
- M3- To Educate and Train Students to Make Competent Technician and Responsible Citizens of Country
- M4- Develop Awareness and Interest in Lifelong Learning.

कभी कभी लगता है ये होना भी जरूरी है
उंचे जब चढ़ो तुम, तो गिरना भी जरूरी है
इश्क कभी हो तुम्हें, दिल तुटना भी जरूरी है
हसते हसते सब बिखर गया, थोड़ा रोना भी जरूरी है
कोई साथ नहीं देता, अकेला रहना भी जरूरी है
जिंदगी के शोर में घुले हो, शांत होना भी जरूरी है
सोच रहे होंगे कि जिंदगी में इतनी परेशानियाँ क्यों?
मेरे दोस्त, ये सोचना भी जरूरी है.

Human Body

“Human Body”

There seems to be a heated debate amongst a meeting of the minds
About the uniquely crafted body of our own human kind.
Our amazing Human Body is incredibly totally complete
Three engineers want the credit as they come together and compete.
The mechanical engineer had some very good points
Looking at the flexibility at all of the body's joints.
Moving all around up and down, to and fro
It's a mechanical engineering feat as the Human Body grows.
The electrical engineer spoke of many reflections
It's the complicated nervous system and its electrical connections.
Considering all of the senses of, sight, touch, smell, hearing, and taste
Without each of these senses the Human Body would be a waste.
The confident civil engineer had the best intelligent criteria
Who would run a toxic waste pipeline right through a recreational area.
There is no further need to debate no further meeting of the minds
The uniquely crafted body was designed by a civil engineer kind...

दुवा

रब से मेरी दुवा है
रहमत आप पे बनी रहे
आज सजी है महफिल
खुदा से इनायत रहे
खुदा से क्या मांगू
सब कुछ तो दिया है खुदा ने
आप पर रहमत हो खुदा की
आपकी हसी सदा बनी रहे
नेक दिल से आपको
शुभकामनाएँ इस त्योहार की
खुशीया आपके आँगण में झुमे
मन की मुराद पूरी हो यह दुवा तुम्हें
रब इतनी की इबादत हो
जन्नत जैसी खुशी आपको नसीब हो
हसते मुस्कुराते खुश रहो
घर रहो सुरक्षित रहो
कोई याद रखे ना रखे
याद रखेगा जमाना
आप कभी मत भुलना
दुवा मांगू मैं बस दुवा में याद रखना.....

PRINCIPAL'S MESSAGE

Greetings to Samarth Polytechnic. It has been one of the foundations of Samarth rural educational institute since 2008. As head of the institution, I believe the strength of our institution comes from our expertise, staff and students. These dedicated human resources contribute to making our center a single point of Success. In addition, we equip our students with the necessary career skills and technical education. We invite professionals from the industry to enrich our student knowledge and know more about current trends in the field of engineering.

We have spacious classrooms, well-equipped laboratories, a rich library with the latest books and magazines, green grass that makes reading a great pleasure. We organize extracurricular activities such as cultural programs, sports and various other programs to awaken the sleeping talent of our students. We make sure that students develop a mixed personality in order to face the world with confidence.

I wish my students a better future as international experts.
